

# Eagle Creek kitchenware drive a success

Jane Velde's 5th grade class at Eagle Creek Elementary loads a vehicle with more than 100 pots, pans, cooking utensils, cutlery, dishes, bowls, food storage containers and other kitchenware. The items were donated by staff, students and their families, and the Pearson Elementary cafeteria through the class' kitchenware drive held May 1 through May 27.

The donated items were given to Outreach Asia, a charity based in Edina, which will, in turn, provide them to people in need in Asian countries. Outreach Asia founders, Mike and Gina Peck (back left) and their 4-year-old son Ian (front right) posed with Jane Velde's students.
